

**Invitation to Tender**  
**Reference number – GGG-BSF-03-2025**

**Black Soldier Fly (BSF) Production Unit**

**Green Globe Guardian** invites interested and qualified companies to submit tenders for the design, supply, construction, and commissioning of a Black Soldier Fly (BSF) production unit. This project aims to establish a sustainable waste management solution and generate valuable products like insect-based protein and fertilizer.

**Project Description**

The desired BSF production unit will have a daily processing capacity of 1-2 tons of organic waste per day.

**T13/25** Design the BSF rearing facilities, waste storage areas, processing spaces, and staff rooms.

**T14/25** Construct the BSF production unit.

**T15/25** Supply rearing trays, holding racks, temperature and humidity control systems, ventilation systems, processing machinery, and BSF starter colony.

**T16/25** Commissioning the facility, training staff on operation and maintenance.

**Application Requirements**

- Company profile with experience in BSF production unit design, construction, and commissioning.
- References from previous BSF projects.
- Detailed technical specifications and brochures of proposed equipment.
- Outline of proposed project timeline and milestones.
- Financial proposal outlining project cost breakdown.

**Tender Documents**

Tender documents, including detailed project evaluation criteria, can be obtained from our Nakuru office (D&D House, 6<sup>th</sup> Floor) or downloaded from the website [www.greenglobeguardian.or.ke](http://www.greenglobeguardian.or.ke)

**Evaluation Criteria**

Tenders will be evaluated based on the following criteria:

- Technical competence and experience in BSF production systems.
- Quality of proposed equipment and materials.
- Proposed project timeline and feasibility.
- Financial competitiveness and cost-effectiveness.
- Compliance with local regulations and environmental standards.
